PROFESSIONAL SUMMARY

A Fourth year IT-Student of FEU Alabang with a Specialization in Web and Mobile Application Development. Skilled in wireframing UI and UX designs along with web and mobile development and an understanding of backend database handling.

PROJECT EXPERIENCE

Capstone Project, ReNewvate System **Apr. 2026 – Jun. 2026**
Main App Developer & Web Co-Developer *Muntinlupa, Metro Manila*

- Implemented key marketplace application features using React Native and Supabase, including real-time messaging, user authentication, and item listing.
- Designed a backend database schema with Row Level Security (RLS) policies with Supabase to handle concurrent chat transactions and user uploads securely.
- Developed the admin-side report and appeal system, enabling moderators to review and process user tickets

E-Commerce Website, Brain & Board **Jan. 2026**
Developer & UI/UX Designer *Muntinlupa, Metro Manila*

- Designed and configured a local WordPress e-commerce store for board games and puzzles, featuring product catalogs, cart workflows, and checkout logic.
- Integrated automated email triggers to send digital transaction invoices directly to buyers and sellers upon checkout completion.
- Managed content structure and site administration via the WordPress backend dashboard.

E-Commerce Website, John's PCs **Mar. 2025**
Developer & UI/UX Designer *Muntinlupa, Metro Manila*

- Built a fully responsive computer parts storefront from scratch using vanilla HTML, CSS, and JavaScript.
- Implemented dynamic DOM manipulation and reactive UI elements to enable real-time filtering across various hardware product categories.

SKILLS

- Languages: JavaScript, HTML, CSS, TypeScript, Python, C++, Java, Kotlin, SQL
- Frameworks & Libraries: React, React Native, Flutter, Tailwind
- Tools & Databases: Supabase, Git, Github, Vercel, WordPress, Firebase, PostgreSQL
- Other Technical Skills: Figma, Canva, Microsoft Excel, Google Sheets
- Soft Skills: Strategic Planning, Task Management, Teamwork & Collaboration

EDUCATION

Far Eastern University Alabang **2023 – Present**
BSIT, Web and Mobile Applications *Muntinlupa, Metro Manila*

- Member of school Junior Philippine Computer Science organization (2025-2027).
- Competed in Innovate and Transform a school event that involved both CS and IT courses presenting business ideas (Mar. 2025).
- Member of school Google Developer Student Club (2023-2024).

St. Paul College of Parañaque **2021 – 2023**
Senior Highschool | Stem Strand *Parañaque, Metro Manila*

- Graduated with a Microsoft Office Specialist certification.

CERTIFICATIONS

- Cisco Certified CyberOps Associate, Cisco Networking Academy, FEU Alabang (Jul. 2026).
- Microsoft Office Specialist: Excel Associate (Office 2019), Microsoft, St. Paul College of Parañaque (Mar. 2023).
